About Us

WELCOME TO PROMPT ACADEMY

Prompt Academy is providing Advanced Training courses in Building Information Modeling in MEP.

- International Live Projects
- BIM Corporate Training

The 3-month courses offer experience in live international projects and provide training in Revit, Navisworks, and AutoCAD software, enabling you to meet the demands of the global construction industry. Prompt Academy has delivered training for more than 4000 students since 2012, assisting them in getting placed in more than 15 countries.

COURSES

- BASIC TRAINING IN BIM-MEP
- INTERMEDIATE TRAINING IN BIM-MEP
- ADVANCED TRAINING IN BIM-MEP
- ADVANCED TRAINING IN BIM-HVAC
- ADVANCED TRAINING IN BIM-WET SERVICE
- ADVANCED TRAINING IN BIM-ELECTRICAL

DURATION OF COURSE & FEES STRUCTURE

SLNO	COURSES	DURATION	FEES STRUCTURE ?
1	BASIC TRAINING IN BIM MEP	30 DAYS	Call us at the Reception Desk
2	INTERMEDIATE TRAINING IN BIM-MEP	60 DAYS	
3	ADVANCED TRAINING IN BIM-MEP	90 DAYS	
4	ADVANCED TRAINING IN BIM-HVAC	45 DAYS	
5	ADVANCED TRAINING IN BIM-WETSERVICE	45 DAYS	
6	ADVANCED TRAINING IN BIM-ELECTRICAL	45 DAYS	

Explore Our Course Benefits

1. **100% Exposure to Live Projects**
2. **Corporate BIM Training**
3. **Placement Support**
4. **Industry Experienced Trainers**
5. **Best in Class Infrastructure**
6. **Designed by industry experts**
7. **Genuine Revit License Provided***
8. **Industry-Recognized Certification**

*During the Course and Subject to active/passive use of unauthorized licenses.

1. 100% Exposure to Live Projects

We allow our students to explore live projects to gain practical experience in BIM and optimize their skills efficiently.

2. Corporate BIM Training

Working closely with corporations as knowledge partners to assist them in developing exceptional workforces and teams by delivering highly researched and updated training programmes in a variety of areas, including BIM Modelling, Project Management, 4D Simulation etc...

3. Placement Support

PROMPT Learning's Placements Team helps students find BIM companies for their interviews. The team is in touch with top BIM Companies in all countries.

4. Industry Experienced Trainers

Training is offered to individuals only by industry experienced trainers.

5. Best in Class Infrastructure

Best-in-class infrastructure facilities for the students. In a supportive and affirming environment, the learning requirements of each student are addressed.

6. Designed by industry experts

The infrastructure is of the highest quality and has been developed by industry professionals to provide individuals with the requisite skills that can be immediately applied in the workplace.

7. Genuine Revit License Provided

Genuine Revit License Provided on Personal Laptop for Home Practice Throughout the Course*

8. Industry-Recognized Certification

Upon successful completion of the course, students are awarded an industry-recognized certification, which improves their credibility and job prospects in the global BIM market.

*Terms & Conditions apply. License subject to course enrollment and compliance with Autodesk & Prompt Academy policies.
